SIGN PERMIT APPLICATION

The purpose of the Sign Code is to improve the quality of life and to harmonize the residential and business environments in the city. It is intended to improve the visual environment, permit signage consistent with the character of the community, and reduce signs or advertising distractions and/or obstructions that may contribute to hazards or accidents. The use of signs shall be regulated by zone. See [CEMC 15.20](#) for more information.

Changeable copy sign	(Automatic): A sign on which the copy changes automatically on a lamp bank or through mechanical means, e.g., electrical or electronic time and temperature units.
Double-faced sign	A sign with two faces.
Electrical sign	Means a sign or sign structure in which electrical wiring, connections or fixtures are used.
Flashing sign	A sign which contains an intermittent or sequential flashing light source used primarily to attract attention. It does not include changeable copy signs, animated signs, or signs which, through reflection or other means, create an illusion of flashing of intermittent light.
Freestanding sign	A sign supported upon the ground by poles or braces or other structure designed and constructed to support the sign only and not attached to any building.
Projecting sign	A sign, which is attached to and projects horizontally from a building wall.
Public benefit sign	Means an off-premises sign installed, maintained, and controlled in, over or adjacent to the public right-of-way for the sole purpose of providing directions to an establishment that serves or provides a benefit to the general public, including but not limited to directional signs to hospitals, schools, and other establishments of general public need or interest. In the case of a designated American Red Cross Emergency Shelter a digital message center sign not to exceed 45 square feet per face, with no more than two sign faces, may be permitted for the purpose of providing emergency information, community information and information related to events and activities that help fund or otherwise support the designated Emergency Shelter. The Digital Message Center Sign shall only be operational from the hours of 8:00 a.m. Pacific Time to 6:00 p.m. Pacific Time. A minimum of one-second transition time between messages is required. A permit for any public benefit sign may be additionally conditioned by the responsible official as to size, height, location, illumination, coloring, hours of operation, and similar characteristics to keep with the purposes and objectives of the Cle Elum Municipal Code and the Cle Elum Comprehensive Plan.
Sandwich board sign	Means a portable sign capable of supporting itself through an "A" frame structure.
Sign Awning	Means a sign attached, painted or installed on an awning projecting from a storefront.
Wall sign	Means a sign attached, painted or erected on or parallel to the face of the building to which it is attached and supported throughout its entire length with the exposed face parallel to the plane of the building. Signs on or in windows will be considered wall signs.
